

The Master 'Coward in Concert'

- Gems from The Master

'Coward in Concert', a showcase of the remarkable talents of Noel Coward devised and arranged by Don Knibb & Stella Brownsea, ran in Beccles Public Hall from 26th to 28th April. Featuring solo, duet and group singing; speciality dance numbers, and extracts from Coward's theatrical output the show was again accompanied by our "resident trio" of piano, percussion and bass.

Following a tremendous opening night the chorus, soloists, actors and dancers showed they were brim-full of confidence and really enjoyed this marvellous production. The styles were quite new to many of our singers but they rose to the challenge again to give us yet another stunning success!

Nothing but praise was heard from our excellent audiences, and their support enabled us to donate £300 to each of this year's charity beneficiaries - The ARC-Addington Fund, Beccles & District Volunteer Centre and Waveney Rape & Crisis Centre. The Friends of St Michael's Church, Beccles, also profited from the £156 raised from raffles held at each performance.
